Un'azienda fra la tradizione locale e il mondo
A company between local tradition and globalization

Tura è un'azienda nata più di 70 anni fa in un territorio saldamente legato alla tradizione mobiliara: la Brianza, un'area della regione Lombardia fra le più attive e prolifiche. Oggi Tura continua ad essere un punto di riferimento per la sua capacità di coniugare valori artigianali ed eccellenza italiana, grande esperienza e ricerca, nuove idee e rivisitazione di canoni classici. Creati in Brianza, gli arredi Tura hanno raggiunto nel tempo location prestigiose in tutto il mondo, ricercati da chi si sente attento collezionista e non semplice acquirente.

Tura company was founded over 70 years ago in an area closely linked to the furniture tradition: Brianza, an active and prolific area in the region of Lombardia, between Milan and Como.

Tura today continues to be acknowledged for the ability of combining values of craftsmanship with Italian excellence, extensive experience with research, new ideas with traditional aesthetic values. Made in Brianza, Tura's creations now reach the most prestigious locations all over the world, requested by those who feel more like careful collectors rather than simple buyers.

Pergamena, nobile materiale

A precious material: natural parchment

La pergamena è il materiale che contraddistingue la produzione TURA fin dal 1939, fra ispirazioni e contaminazioni che vanno dall'Art Decò francese e in particolare all'opera di J.M. Frank, fino ai pezzi unici decorati da progettisti del calibro di Alessandro Mendini. Rivestendo i mobili in pergamena, Tura ha creato mobili ed oggetti d'arredo di grande effetto che ancora oggi rappresentano uno stile inconfondibile: la pergamena naturale viene attentamente selezionata e lavorata attraverso un lungo e meticoloso processo, che avviene rigorosamente all'interno dell'azienda per mano di esperti maestri artigiani. Il mobile rivestito in pergamena viene infine protetto grazie a diverse tipologie di finitura.

Parchment is the material that better characterizes the production TURA since 1939, between inspirations and influences ranging from French Art Decò, in particular J.M. Frank, to unique pieces decorated by artists like Alessandro Mendini. Covering the furniture with parchment, Tura has created high effect furniture and accessories, still representing its unique style: the natural leather is carefully selected and processed through a long and meticulous process taking place within the factory, by the hands of expert craftsmen. The piece, covered with parchment, is then protected with different finishes.

Le creazioni dei maestri artigiani *Creations by master craftsmen*

Gli oggetti d'arredo creati da Tura sono opere di artigianato di altissimo livello, eseguite in numero ridotto, a volte limitate ad un solo pezzo, realizzate con l'impiego di pellami pregiati e con diverse finiture; notevoli le sfumature e la lavorazione della pergamena. I mobili vengono realizzati a mano da maestri artigiani altamente specializzati e tutte le fasi fondamentali della produzione si svolgono all'interno dell'azienda. Con la decorazione artistica è possibile realizzare mobili, paraventi, quadri, complementi, tutti con soggetti eseguiti a mano da artisti e artigiani decoratori.

Tura products are works of craftsmanship at the highest level, realized in limited edition, sometimes unique pieces. They are covered with precious leathers and protected with different finishes: in particular the treatment of parchment with its nuances and colors, have reached top level. The furnitures are handmade by highly skilled craftsmen and all the main stages of production take place within the factory. With the artistic decoration we enrich furniture pieces, panels, paintings and accessories, all handmade by artists and decorators.

Il fiore della purezza, la bellezza dalla Natura *The flower of purity, beauty comes from Nature*

La collezione Loto simboleggia, come il fiore che la ispira, il concetto di purezza originaria. Rappresenta la rinascita, il trionfo della vita e della bellezza. La sua particolare forma a calice ne denota la capacità di accogliere e recepire dall'esterno, ma anche di aprirsi e restituire luce e purezza intorno a sé. Una collezione piena di speranza, rappresentata da questo splendido fiore che riunisce diverse cosmogonie, filosofie e religioni in un unico concetto di purezza e bellezza.

The Loto collection expresses the concept of original purity, like the lotus flower that inspires it. It represents rebirth, the triumph of life and beauty. Its particular cup shape shows the ability to receive and welcome, but also to open and spread light around. A collection full of optimism and trust, represented by this beautiful flower bringing together different cosmologies, philosophies and religions into a single concept of purity and beauty.

Raffinatissima espressione di come la natura ispira il design e ne esalta la bellezza. Il fiore di Loto si trasforma in un tavolo rotondo la cui base è costituita da petali di acciaio lucido che si aprono e sorreggono il piano in pergamena lucida. La combinazione tra il materiale naturale (pergamena) del piano e del piede del tavolo e la moderna base metallica, creano un pezzo di grande effetto e luce, in grado di impreziosire qualsiasi ambiente con la sua eccentrica bellezza.

Very refined expression of nature inspiring design and enhancing its beauty. The lotus flower is developed into a round table whose base consists of polished stainless petals that open and support the parchment finished top. Combining the natural material (parchment) of the table top and foot with the modern metal base, the result is a piece of great effect, enlightening any room with its eccentric beauty.

Giochi di luce e contrasti di grande effetto

Shades and contrasts, creating a unique atmosphere

Ispirata al gusto, alle forme e ai materiali Art Deco, la collezione Eclipse si arricchisce di una ricerca stilistica che attraversa il tempo, rendendo questi straordinari elementi d'arredo sempre attuali. Pezzi unici che vivono di contrasti di grande effetto: sulle superfici di pergamena naturale e opaca si inseriscono cornici di pergamena color moka lucido, sottolineate da particolari metallici lineari e preziosi.

Inspired by Art Deco design and materials, the Eclipse collection is also enriched by style research, crossing time and taking this extraordinary complements into modern furnishing. Unique pieces, made of high effect contrasts: surfaces of natural matt parchment are framed with linear elements of highgloss moka parchment. Precious metal details underline the beauty of this combination.

Lo specchio offre la possibilità di essere semplice specchio oppure “magic mirror”, ovvero un vero e proprio schermo TV. Grazie alla collaborazione con un’azienda tedesca leader nelle apparecchiature TV digitali, basterà selezionare ON col telecomando per accendere la TV, ed OFF per tornare al semplice specchio. Le dimensioni del display e la tipologia di TV possono essere selezionati tra diverse opzioni e combinati diversamente.

Questi mobili, inoltre, nascondono al loro interno pratici spazi da dedicare a piccoli oggetti o a preziose collezioni di orologi, gioielli, profumi.

The collection 'Momiji' is elaborated by enriched combinations of natural parchment and stained maple wood together with hand-made chromed elements. Moreover, there are hidden storage spaces for 'collector's items' - such as watches, jewellery, perfume and so on to appreciate personal and precious objects.

Greta

Anche l'ambiente cucina può rappresentare uno spazio di prestigio e unicità. La cucina Greta è rivestita in pergamena (rif. col. 008 moka lucido). Gli inserti metallici che ne disegnano la facciata, le finiture e i particolari di eccezionale qualità fanno di questa composizione un vero e proprio progetto d'arredo. La pergamena e lo specifico tipo di finitura garantiscono superfici esteticamente impeccabili eppure molto resistenti.

Even the kitchen can be a place of prestige and exclusivity. The kitchen Greta is finished in parchment (ref. Catalogue col 008 moka highgloss). The metal inserts that draw the design, the precious finishes and details, make this piece an extraordinary interpretation of kitchen. The special finish of parchment guarantees the strength, and not only the beauty, of these surfaces.

Il contract Tura

Tura contract

Coniugando design e stile, tradizione e innovazione, semplicità e ricercatezza, Tura crea dal 1939 collezioni uniche e sempre attuali. Queste collezioni trovano oggi la destinazione ideale in tutti i progetti d'arredo che richiedono alte componenti di qualità e prestigio. Per Tura, il contract è legato a soluzioni su misura, "custom": dal progetto, alla produzione, fino all'allestimento finale. Si tratta di realizzazioni esclusive, personalizzate in ogni senso. Difficilmente replicabili su ampia scala proprio per il valore aggiunto delle idee e delle creazioni.

Combining design and style, tradition and innovation, simplicity and elegance, Tura creates unique collections since 1939. These collections find a perfect destination in all the projects that require high quality components and prestige. Contract for Tura means "custom" solutions: from the project to production, to the final setting and decoration. Unique design, customized in every way. Difficult to replicate on a wider scale thanks to the added value of ideas and creations.

Collezioni per l'arredo e non solo *Collections for furniture and more*

Le creazioni Tura sono destinate ad ambienti unici. La possibilità di personalizzazione (finiture, colori, dimensioni, funzionalità, componibilità...) le rendono adatte anche a settori diversi dall'ambito domestico, come bagni e cucine. Ecco allora l'arredo di yacht, aerei privati, hotel e boutique; su richiesta si producono anche accessori e pezzi speciali.

Tura's creations are designed for unique environments. The chances of customizing products (finishes, colors, size, functionality, modularity etc) make them suitable for many different contests. We furnish beautiful homes, kitchens, bathrooms, but also yachts, private jets, boutiques, hotels. On demand we produce also accessories and special creations.

La pergamena Parchment

La pergamena

Parchment

La pergamena è il materiale che contraddistingue la produzione TURA fin dal 1939, fra ispirazioni e contaminazioni che vanno dall'Art Deco francese e in particolare all'opera di J.M. Frank, fino ai pezzi unici decorati da progettisti del calibro di Alessandro Mendini. Rivestendo i mobili in pergamena, Tura ha creato mobili ed oggetti d'arredo di grande effetto che ancora oggi rappresentano uno stile inconfondibile: la pergamena naturale viene attentamente selezionata e lavorata attraverso un lungo e meticoloso processo, che avviene rigorosamente all'interno dell'azienda, per mano di esperti maestri artigiani. Il mobile rivestito in pergamena viene infine protetto grazie alla finitura lucida o opaca, che lo rende resistente e impermeabile.

Parchment is the element that better represents our production ever since its foundation in 1939. Aldo Tura was one of the first Italian artists using parchment in furnishing, inspired by the French Art Deco, in particular by J.M. Frank. Covering the furnitures with parchment, Tura has created extraordinary furnishings and decorations, still representing our company's unique style. Today as in the past, natural parchment is carefully selected and manufactured through a long and complex process, hand made within our factory by master craftsmen. The furniture covered in parchment is finally protected with a shine or mat finishing that makes it strong and long lasting. Naturalness and preciousness, sophistication and practicalness, basic principles of our production since its origins, emerge in harmony through this extraordinary material: parchment.
