 COLLEZIONE *Diamond*  COLLEZIONE *Diamond* 

L'eleganza si ha quando una cosa corrisponde al suo concetto
(I. De La Fressange).

Così la più preziosa delle pietre ispira il design di questa collezione, ricca di sfaccettature e di luce.

Grazie all'impiego di diversi materiali come la prestigiosa pergamena, le esclusive fusioni in bronzo, le magistrali sculture in legno, nascono oggetti d'arredo unici ed esclusivi, realizzati interamente a mano, che impreziosiscono il Vostro spazio come un luminoso Solitario.

Pura eleganza, preziosa essenzialità.
Ancora una volta Tura Iniziative di Arredamento mantiene l'esclusività attraverso la semplicità.

Senza rinunciare all'uso della pergamena, materiale che caratterizza la produzione Tura fin dalla sua fondazione nel 1939, la collezione Diamond rappresenta la nostra costante evoluzione creativa e tecnologica, continuando ad esprimere il talento artistico dei nostri Maestri artigiani.

Elegance comes when the result corresponds to its concepts
(I. De La Fressange)

The most precious stone inspires the design of this collection, rich of facets and light.

Thanks to the use of different materials, such as the prestigious parchment, the exclusive bronze fusions, the wooden sculptures, we produce unique and refined furnitures, hand made and precious like a glittering Solitaire.

Pure glamour, precious essentiality.
Once again Tura Iniziative di Arredamento maintains exclusiveness through simplicity.

Following the traditional use of the parchment, characterizing Tura's furnitures since 1939, the Diamond collection represents also our constant creative and technological evolution showing, at the same time, the artistic talent of our Master craftsmen.

Momiji

for collectors

Momiji

for collectors

Dedicata ai collezionisti

L'ultima collezione Tura si chiama *Momiji* e rappresenta la perfetta sintesi tra estetica e funzionalità. “Momiji” è l'acero giapponese le cui particolari foglie dalla sagoma stellata ispirano il nome e il motivo decorativo di questa collezione. La collezione *Momiji* è arricchita dalla combinazione di materiali unici, come la pergamena naturale e l'acero tinto, con dettagli cromati realizzati a mano.

Questi mobili inoltre, nascondono al loro interno pratici spazi da dedicare a piccoli oggetti o a preziose collezioni di orologi, gioielli, profumi. I tre ambienti - vanity, relax e ingresso - si presentano nella collezione con una forte attenzione ai piccoli dettagli che la caratterizzano.

For collectors

Momiji is Tura's latest collection inspired by fusion of esthetics and function. The Japanese maple “Momiji”, with its fine shape, is a consistent theme of the collection, which creates an elegant atmosphere in a domestic environment.

Moreover, there are hidden storage spaces for ‘collector’s items’ - such as watches, jewellery, perfume and so on to appreciate personal and precious objects.

The collection Momiji is elaborated by enriched combinations of natural parchment and stained maple wood together with hand-made chromed elements. The three environments - vanity, lounge and entrance areas - are introduced in the collection with a variety of well-designed details.

4001 Vanity

Il piano in vetro permette di vedere i vostri oggetti esposti e organizzati all'interno dei cassetti. Come in una boutique, disposti in un' elegante vetrina, gli oggetti acquistano ancora più fascino. La scatola esagonale contenuta nel cassetto centrale è estraibile, così come ogni "diamante" che compone la stella centrale diventa un elemento singolo e facile da organizzare.

The glass top drawers allow you to store your personal objects as if they were displayed in a shop. The display drawers make your objects look even more attractive.

Display boxes - The hexagon and diamond-shaped boxes can be taken out from the central drawer.

4004 Pouff rettangolare *Rectangular pouff*

La base è realizzata in acero tinto e impreziosita dalla fusione metallica cromata con disegni Momiji. L'imbottitura è comoda e la forma è piena, rivestita da un tessuto prezioso nella sua semplicità. I particolari sono curati anche nelle cuciture.

The base is made with maple stained, enriched by the chromed metal fusion with Momiji design.

The padding is comfortable and well filled, upholstered with a precious while simple fabric. Care for details is expressed also in the seams and stitching.

4006 Chaise longue

L'interno del bracciolo vi è un utilissimo spazio per tenere a portata di piccoli oggetti. Ogni angolo della base metallica rappresenta un nuovo elemento decorativo che rimane armonicamente all'interno del motivo Momiji, trovando però nuovi sviluppi funzionali alla struttura.

*The inside of the arm is a little compartment for your belongings.
Every corner of the base frame is elaborated with the Momiji decoration which is part of its structure.
According to the structural needs, the Momiji design finds new development and solutions.*

COLLEZIONE
ZEN

La Collezione Zen nasce e si sviluppa intorno al concetto di purezza e di essenzialità proprio della filosofia dell'estetica Zen, riscontrabili nella semplicità delle linee e delle forme dei nostri mobili e complementi d'arredo.

Show Case 2768

Come gli artisti Giapponesi, influenzati dalla concezione dello Zen, utilizzano il minor numero di parole o colpi di pennello per esprimere i loro sentimenti, così i nostri mobili Zen trovano nell'essenzialità del loro design la loro massima espressione.

Sideboard 2769

According to Zen philosophy, Japanese artist try to convey their emotions by resorting to as few words and brush strokes as possible; the items in our Zen Collection have likewise singled out simplicity as the magic wand that will conjure up their special charm. Suggestion is indeed at the heart of Japanese art, but, as soon as feelings and ideas are so fully developed and displayed that imagination is stifled and restrained, its fascination fades away.

Il design Zen unisce semplicità ed eleganza
rendendo l'arte dell'arredare libera interpretazione
delle emozioni più profonde.

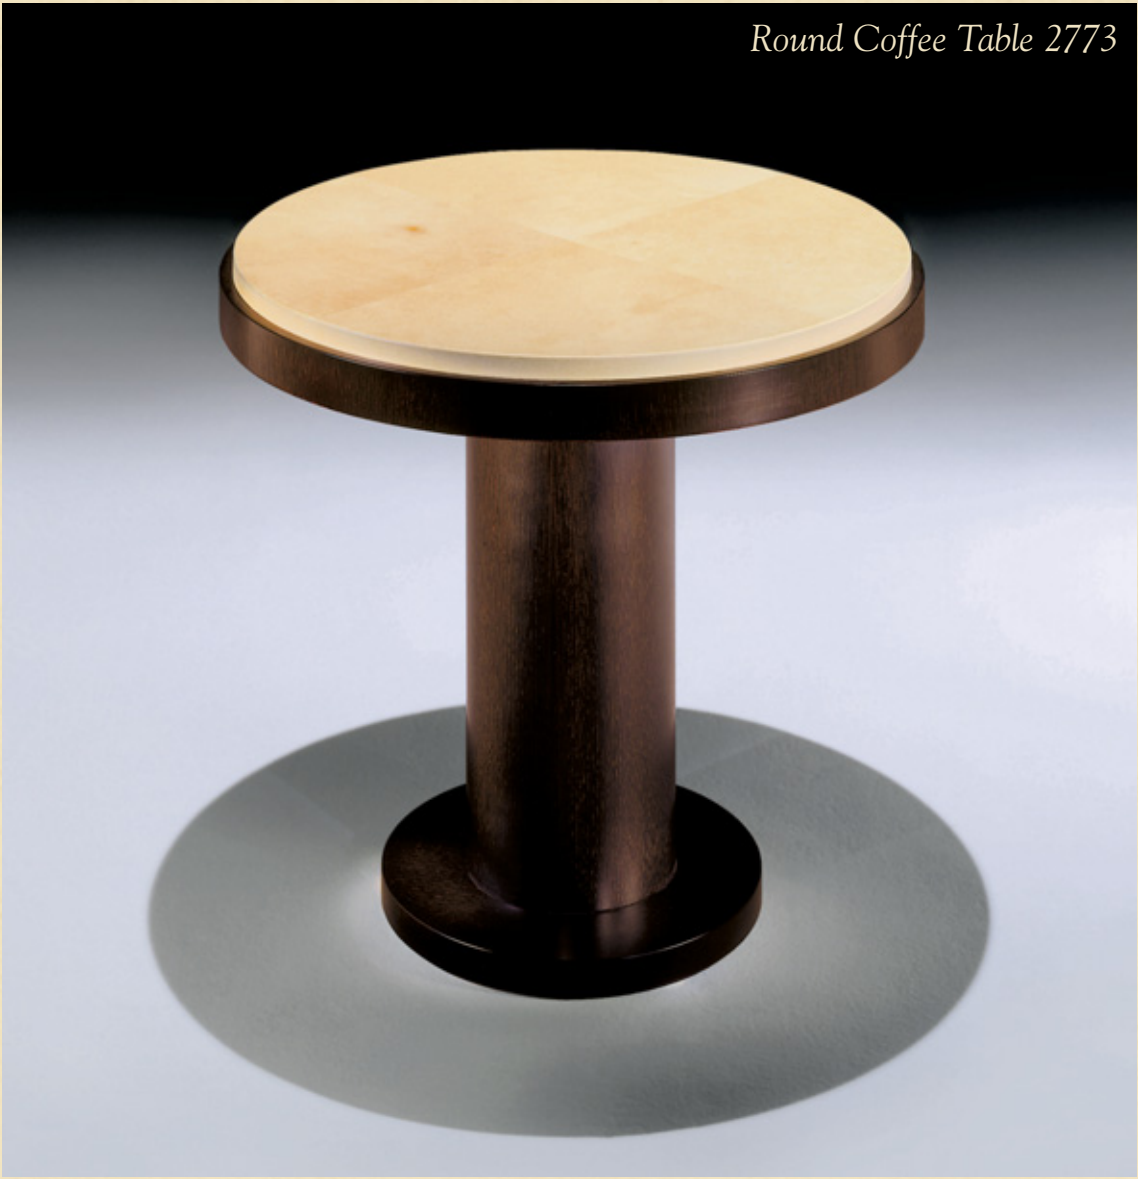

天竺馬

Our collection hinges on the same aesthetic values
as are foremost in Zen philosophy:
naturalness, authenticity, simplicity and profundity.

L'armonia della semplicità porta e diffonde all'interno della casa emozioni profonde cariche di serenità.

The harmony of simplicity brings and spreads such deep emotions right into the heart of your homes.

Anche i piccoli oggetti nella forza
della loro semplicità diventano protagonisti.

Even small things can thrive on the strength
of their simplicity.

“Il Meno è il Più” insegna la filosofia Zen e di questa verità fa tesoro la nostra collezione,
in accordo con il tradizionale stile di Tura Iniziative di Arredamento.

Presi nel vortice delle tre passioni, si diventa ciechi;
Chiusi al mondo delle cose, gli occhi vedono nuovamente.
In questo modo io vivo: calzato un cappello di paglia, bastone in mano,
Mi muovo in uno spazio senza limiti, per la terra, per il cielo.

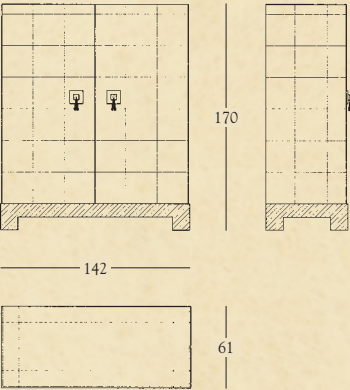

(UNGO 1580-1659)

天竺馬

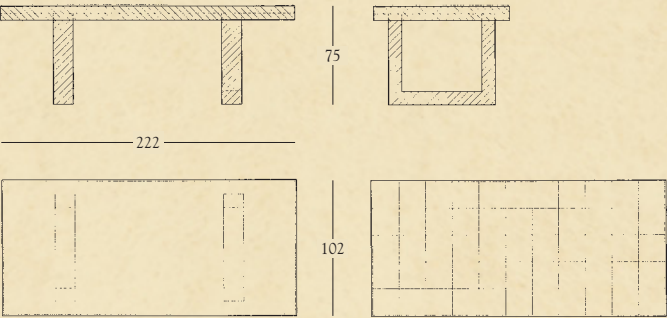

Whoever is caught in the whirlwind of the three passions, is blinded;
but, as soon as averted from the world of things, our eyes retrieve their sight.
In such a world I live: with a straw-hat on my head and a stick in my hand,
I stride in boundless space across heaven and heart.
