INTRODUZIONE INTRODUCTION

Wally è un sistema decorativo funzionale che combina eleganza e funzionalità attraverso pannellamenti lineari incorniciati da una struttura in legno, creando spazi esclusivi e personalizzati.

Disponibili in una vasta gamma di finiture, come MarmoReflex, LegnoReflex, legno, pelle e tessuto, i pannelli offrono infinite possibilità di design.

Il sistema per pareti Wally permette di giocare con geometrie e pattern diversi, mentre la retroilluminazione dei pannelli in MarmoReflex aggiunge un elemento di raffinatezza.

La gamma di accessori disponibili per Wally include una varietà di opzioni, come cassette, mensole fisse e regolabili, moduli vetrina e moduli TV, rendendo il sistema estremamente versatile e adatto a qualsiasi area della casa.

Questo livello di personalizzazione è particolarmente vantaggioso per le cabine armadio, dove ogni dettaglio può essere adattato per massimizzare la funzionalità e l'estetica.

Wally is an innovative wall system that blends elegance and functionality through linear paneling framed by a wooden structure, creating exclusive and customized spaces.

Available in a wide range of finishes, including MarmoReflex, LegnoReflex, wood, leather, and fabric, the panels offer endless design possibilities.

The functional decorative system of Wally allows for experimentation with various geometries and patterns, while the backlighting of MarmoReflex panels adds a touch of sophistication.

The range of available accessories for Wally includes a diverse selection, such as drawers, fixed and adjustable shelves, display modules, and TV units, making the system highly versatile and suitable for any area of the home.

This adaptability is especially beneficial for walk-in closets, where every detail can be tailored to maximize both functionality and aesthetics.

SISTEMA LINEARE WALLY WALLY LINEAR SYSTEM

Un sistema di pannelli incorniciati da una struttura in legno, progettato in modo modulare per dar vita a ambienti esclusivi e su misura, che si integra perfettamente con l'architettura delle pareti e dello spazio circostante.

La caratteristica distintiva di Wally è la sua struttura in legno massello: i profili a vista svolgono un ruolo estetico, modulare e funzionale. Le linee verticali e orizzontali dei profili definiscono gli spazi, racchiudendo in una griglia materiali e finiture differenti.

A panel system framed by a solid wood structure, designed in a modular approach to create unique, customized environments that integrate seamlessly with the architecture of the walls and surrounding space.

The defining feature of Wally is its solid wood structure: the exposed profiles serve an aesthetic, modular, and structural purpose. The vertical and horizontal lines of the profiles define the space and enclose various materials and finishes within a grid.

Boiserie con angolo interno ed esterno e mensole fisse.
Pannelli in tessuto Roma 26 Beige,

SOLUZIONI INTEGRATE INTEGRATED SOLUTIONS

Interruttori and Prese Elettriche / *Switches and Wall Sockets*

Sezione di una integrazione con interruttori e prese elettriche
Section of switches and outlets integration

Realizzazione su misura di fori sui pannelli per
l'installazione di interruttori e prese elettriche.

*Custom-Made Holes in Panels for the Installation
of Switches and Electrical Outlets.*

*L'azienda non fornisce scatole e placche elettriche
o prese e interruttori. In fase di progetto va comunicata la
posizione di tali fori e la loro dimensione precisa.

**The company does not provide electrical boxes,
faceplates, outlets, or switches. During the design phase,
the position and exact dimensions of these holes must be
communicated.*

PANNELLI ISPEZIONABILI INSPECTABLE PANELS

Sezione di un pannello ispezionabile aperto
Section of an open inspectable panel

Sezione di un pannello ispezionabile chiuso
Section of a closed inspectable panel

Il pannello apribile e ispezionabile tramite un sistema di calamite, contiene e nasconde eventuali elementi elettrici a parete e trasformatori e dimmer. Permette un accesso rapido agli impianti e ne garantisce la manutenzione. Può anche essere utilizzato sopra uno scrittoio per nascondere delle prese di servizio e la sua maniglia può fungere da passacavi.

The openable and inspectable panel, equipped with a magnetic system, contains and conceals any wall-mounted electrical components, transformers, and dimmers. It allows quick access to the systems and ensures their maintenance. It can also be used above a desk to hide service outlets, and its handle can serve as a cable pass-through.

Pannello ispezionabile 1 / *Inspectable panel 1*

Pannello ispezionabile 2 / *Inspectable panel 2*

Pannello ispezionabile 3 / *Inspectable panel 3*

* Le dimensioni a catalogo dei pannelli ispezionabili derivano dalle misure standard delle scatole di derivazione da incasso a parete. Eventuali altri formati sono considerati su misura.

**The dimensions in the catalog are based on the standard sizes of flush-mounted wall junction boxes. Other formats are considered custom-made.*

RETROILLUMINAZIONE MARMOREFLEX MARMOREFLEX BACKLIGHTING SYSTEM

La possibilità di retroilluminare i pannelli in MarmoReflex offre una dimensione aggiuntiva di eleganza e raffinatezza. Questa caratteristica consente di creare effetti luminosi su misura che esaltano la bellezza intrinseca della struttura in legno. Inoltre, la retroilluminazione arricchisce l'ambiente circostante con atmosfere uniche e suggestive, trasformando ogni spazio in un'opera d'arte luminosa e accattivante.

The option to backlight MarmoReflex panels introduces an extra layer of sophistication. This feature allows for customized lighting effects that enhance the inherent beauty of the wooden structure. Additionally, backlighting enriches the surrounding environment with unique and evocative atmospheres, transforming any space into a visually striking and captivating work of art.

Dimmable LED strips available upon request, with dimmer and remote control.*

*é necessario prevedere il posizionamento di un'anta ispezionabile, in un pannello vicino non retro-illuminabile, per contenere trasformatore e dimmer. Deve garantire un rapido accesso e una facile manutenzione dell'impianto.

**It is necessary to provide a position for an accessible panel in a nearby non-backlit panel to house the transformer and dimmer. It must ensure quick access and easy maintenance of the system.*

ACCESSORI GIORNO E NOTTE DAY AND NIGHT ACCESSORIES

I pannelli lineari possono essere arricchiti con una vasta gamma di accessori, tra cui cassetti, mensole fisse o regolabili, moduli vetrina, moduli TV e soluzioni specifiche per cabine armadio, che consentono di personalizzare e ottimizzare lo spazio in modo pratico ed esteticamente piacevole. Grazie a questa ampia scelta, il sistema si adatta facilmente a tutte le aree della casa, offrendo soluzioni funzionali per il soggiorno, la cucina, la camera da letto e la zona guardaroba, garantendo così una versatilità che soddisfa le esigenze di ogni ambiente.

Linear panels can be enhanced with a wide range of accessories, including drawers, fixed or adjustable shelves, display modules, TV units, and tailored solutions for walk-in closets, allowing for both practical and aesthetically pleasing space optimization. Thanks to this broad selection, the system easily adapts to all areas of the home, offering functional solutions for the living room, kitchen, bedroom, and wardrobe areas, ensuring versatility that meets the needs of every space.

Le mensole progettate per gli spazi giorno sono disponibili in vetro o legno con diverse finiture e possono essere utilizzate per arredare la struttura di Wally, creando sia grandi che piccole librerie, così come ambienti lounge.

La mensola in legno è realizzata con una profondità che consente anche di usarla come scrittoio.

Le mensole sono integrate nei traversi interni della boiserie, assicurando un aspetto essenziale e armonioso.

The shelves designed for daytime spaces come in glass or wood with various finishes and can be used to furnish the Wally system, creating both large and small libraries as well as lounge areas. The wooden shelf is designed with a depth that also allows it to be used as a desk.

The shelves are integrated into the internal crosspieces of the paneling, ensuring a clean and harmonious appearance.

* Per i pannelli custom più lunghi di 180 cm non sono previste mensole integrate nei traversi interni.

** For custom panels longer than 180 cm, integrated shelves in the internal crosspieces are not available.*

MATERIALI E FINITURE MATERIALS AND FINISHES

Le finiture di Wally sono selezionate con cura per garantire estetica e funzionalità.

Prediligiamo materiali naturali come vetro e legno, che conferiscono eleganza e durabilità alle superfici. Utilizziamo anche pelli e tessuti di alta qualità, che offrono una sensazione di lusso.

Queste finiture diverse si integrano armoniosamente per creare uno spazio raffinato e accogliente, adatto a qualsiasi stile di arredamento.

The finishes used for the Wally boiserie are carefully selected to ensure both aesthetics and functionality.

We prioritize natural materials like glass and wood, which provide elegance and durability to the surfaces. Additionally, we use high-quality leathers and fabrics, offering a luxurious feel.

These various finishes harmoniously integrate to create a refined and welcoming space, suitable for any interior design style.
